

Our Schooling Futures: Stronger Together

Whiria Ngā Kura Tūātitini

The Independent Taskforce engaged widely with stakeholders throughout 2018 as part of their review of Tomorrow's Schools. During this time they identified a number of common themes, which led to a report that covers eight key issues: governance, schooling provision, school competition and choice, disability and learning support, teaching, school leadership, resourcing, and central government agencies.

The report - **Our Schooling Futures: Stronger Together | Whiria Ngā Kura Tūātitini** - makes a number of significant recommendations for changes to the current education system. Feedback on the report and its recommendations will be critical to inform Government decision making in 2019.
